New Hampshire Broadband Mapping Program Community Broadband Forums

Tuesday, November 2, 2010

6:00 pm – 8:00 pm

River Valley Community College, Room 226

1 College Drive, Claremont, NH

Thursday, November 18, 2010

5:00 pm – 7:00 pm

Newport Town Offices, Selectmen's Chamber

15 Sunapee Street, Newport, NH

Co-sponsored by:

**University of New Hampshire / GRANIT,
Upper Valley Lake Sunapee Regional Planning Commission, and
NH Department of Resources and Economic Development**

In the Fall of 2010, the NH Broadband Mapping Program partners (NHBMP) will be conducting a series of public broadband forums around the state. All local/regional residents, businesses, institutions, and municipalities who are interested in learning more about high speed internet access and current efforts to map and expand broadband service in New Hampshire are encouraged to attend.

During the sessions, participants will engage in an interactive mapping session that will help to identify gaps and/or inadequacies in current broadband services. This information will help us to verify the data we are mapping, and will be instrumental in guiding future broadband planning activities.

Who should attend?

- Anyone who does not have access to high-speed internet
- Anyone with access to the internet, but who feels service is slower than required
- City and Town officials (City councilors, selectmen, administrators, planners)
- Community Business and Civic Leaders

For further information on broadband activities in New Hampshire, please see:

<http://www.iwantbroadbandnh.org>

<http://www.networkknow.org>

For directions, please call or email Rachel Ruppel at UVLSRPC at (603) 448-1680 or rruppel@uvlsrpc.org

Can't attend? Take the speed test to have your home or business Internet connection speeds recorded for this project. Go to <http://www.iwantbroadbandnh.org> and click Take the Speed Test.

Other forums will be hosted near the Upper Valley Lake Sunapee region in North Haverhill, Plymouth, and Concord—a listing of all broadband forums is available at <http://www.iwantbroadbandnh.org>
